

7th CALL FOR PROJECTS - GUIDELINES

Projects wanted

- Innovative research projects related to medical technologies in collaboration with the industry.
- The projects should have direct economic benefits in Québec.

TRL ?! It's your technology's readiness level.

TRL 1-3: From the basic principles to the proof of concept.

TRL 4-6 +: From the experimental verification to the demonstration in a representative environment.

Financial support and partnership

	TRL 1-3	TRL 4-6 +
MEDTEQ contribution (max.)	40 %	20 %
Up to 500k \$/year for 3 years: 1.5M \$ per project		
Public contribution (max.)	80 %	60 %
In-kind industrial contribution	for co-funding only	eligible (max 20%)
Industrial partner(s) (min.)	2	1
Research institution (min.)	1	1

Industrial partners

- Every project must have at least 1 industrial partner that has R&D and/or manufacturing activities in Québec.
- The other(s) company(s) can be Canadian or foreign.
- All partners must **be/become** member of MEDTEQ.

Eligible expenses

- The expenditures incurred in **Québec** are eligible.
- The funds are transferred to the **lead researcher** through his **research institution**.

Co-funding opportunities

- CRSNG (including the industrial chairs), MITACS, AGEWELL, Créneau Accord, CNRC (PARI), IRSC, etc.

Intellectual property (IP)

- The IP agreement is negotiated between the participants of every project. MEDTEQ does not claim any IP.

CALENDAR

1st Project submission :

August 25th 2016

Confirmation of MEDTEQ funding: **October 2016**

2nd Project submission:

Novembre 24th 2016

Confirmation of MEDTEQ funding: **January 2017**
